H.V. Nanjundaiyya., Esquire M.A.M.L.

Secretary to the Govt. of Mysore,

General and Revenue Departments.

Sir,

Reference: Governmen Order No. Fl. 156 dated the 20th Ultimo stating that Government Proceedin s No. F.n. 1150 -1192 dated the 7th February last, do not contain any provision for appointments, promotions &c. ordered by Government and issued by the Secretaries or the several Departments being communicated to the Comptroller by the Financial Branch or the General and Revenue Secretariat, nor does any order of Government seem to exist authorising the application or all the provisions of the British Civil Account Code, and requesting me under the circumstances, to explain why the new procedure above referred to should be followed.

With reference to the above, I have the honor to state that the Civil Account code has been the sole guide not only for this office but also for all the Treasuries in the province since the formation of this office. If there are no Government orders introducing all the provisions of the Civil Account Code, there also appears to be no order laying down definitely which rules alone of this code should be followed and which not.

2. On both the occasions of Test Audit of this office ~~accepts~~ accounts all the rules of the Civil Account Code without exception were ~~strictly~~ strictly and literally applied, chapter after chapter, and

and formed the basis of the numerous criticisms contained in the reports of both Mr. Biddulph and Mr. Kiernander.

3. Attention is invited to para 6 of " notes on Mr. Kiernanders operations " which is a criticism based on the absence of quotation in my office Audit Registers and objection books of the orders of the Financial Department of Government as required by Art. 285 Civ l Account Code, Vol. 1(4) The promotions referred to were ordered by the Geological Department before the grant for the year 1903-0 as finally fixed by the Financial Department. Hence confirmation of the latter Department was applied for in view to enable my office to admit the increased salaries if claimed before the Budget is finally sanctioned.

5. The object of the rule in the Civil Account Code is to prevent the Audit Office from indiscriminately admitting extra and unusual charges that may appear to have not received the prescribed Financial Check and also to prevent Government orders passed in one Department being over looked in another Department as was the case in regard to the additional grant required for the Monuments and Charitable grants in memory of the late Maharaja Chamarajendra Wodier (Government Proceedings No. 1196-8/ Muz. F. 26-96 of 26th November 1902 and General and Revenue Secretarys D.O. dated the 20th November 1902)

6. If in these circumstances Government Consider that such sanctions need not be communicated through the Financial Secretariat a note to that effect will be made in the Audit Registers of my office.

I have the honor to be,

Sir,

Your most obedient servant.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial, dated 7th December 1903.

READ— Gen. Fin 80 for, 81

Correspondence ending with letter No. 795—17 of 10th August 1903, from the Comptroller, Mysore Government, assigning reasons for requiring sanction in the Financial Department to appointments, promotions, etc., ordered by Government and issued by the Secretaries of the several Departments.

No. Fl. 1475-1516, DATED BANGALORE, 7TH DECEMBER 1903.

ORDER THEREON.—Under Article 285 of the Civil Account Code, Volume I, the Comptroller submits that orders passed by Government and issued by the Secretaries of Departments other than Revenue and General (Financial) may be communicated to him by the Financial Department.

2. Of the five instances noted in the margin, Government have already confirmed the orders issued in cases 1 and 2 (*vide* Nos. P. & A. 124-5 and Fl. 124-5 of, respectively, 30th July 1903 and 15th July 1903). The other orders are now formally confirmed.

1. Order of 2nd November 1901, conveyed through the Secretary for Railways, enhancing the pension of Mr. A. G. Molloy, late Executive Engineer, Shimoga-Birur Railway Division.
2. No. 14-22—125-33 of 30th April 1903, issued by the Secretary, Public Works Department, sanctioning the re-appropriation of Rs. 94,000 from Public Works to the Military budget for 1902-03 on account of constructing Transport Lines at Bangalore.
3. No. 26-27 of 15th July 1903, issued by the Secretary, Geological Department, retiring on gratuity Mr. Alexander Primrose, Prospector of the Geological Department.
4. No. 3-4—56-7 of 1st July 1903, issued by the Forest Secretary sanctioning the revision of the establishment of the offices of the Conservator of Forests and Forest Secretary.
5. No. 186-9—1088-91 of 28th February 1903, issued by the Secretary, Public Works Department, sanctioning an additional grant of Rs. 1,80,000 required for the Cauvery Power Scheme for 1902-03.

3. In this connection, Government observe that Articles 284 and 285 of the Account Code should be adopted in their entirety. Article 284 requires the consideration of increases of salaries and other permanent charges, first in the Department of Government concerned and then in the Financial Department. It is only when this procedure is omitted in exceptional cases that the Comptroller has to act under Article 285.

4. With a view to prevent the necessity of orders being issued in different Departments of Government, which are co-ordinate, one order confirming another—a cumbrous and not altogether suitable procedure—the Government direct that Article 284 of the Civil Account Code be strictly followed in future, and that in all matters like those referred to above, the final sanctioning order be issued from the Financial Department which, as at present constituted, is a branch of the General and Revenue Secretariat.
